Former Constable Bergeron Assist In Arrest

Sunnyside Grocery was broken into by two boys, 10 and 12 years of age, Sunday evening. Entry into the store was gained by breaking the window in the door. Once inside the boys ransacked the quarters, damaged the meat block, took a quantity of cigars, candy bars, and cookies, and made their way outside to find Chief Del Taylor on their heels, so they fled to the marsh and were soon out of sight. However, a little later they were spotted by a LaSalle Merchant who had been given a description of the boys, and he tried to locate LaSalle Police and while doing so, saw the two boys hitchhiking in the vicinity of Chateau LaSalle, and notified former constable Mike Bergeron who was doing special officer duty in that vicinity.

He immediately held the boys and questioned them with regards to the things they had pil-

ling under their jackets. They were then turned over to constable Mitch Osadchuk, who contacted authorities in Windsor, after being informed that the boys were from East Windsor. Windsor detectives came to LaSalle and took the boys in with them.

Parents Club To Hold Bingo

The Parents club of Colonel Bishop School, announce that they will hold a Giant Bingo at Rainbow Garden on Thurs. December 3rd, at 8 p.m.

There will be ten rounds with cash prizes and lots of lovely door prizes.

The proceeds of this bingo will be used to purchase a Projector for the school.

Remember the date—an error was made on the printed tickets—the date is Thurs. Dec. 3rd.

All members are asked to attend the next meeting of the group which will be held at the school on Monday, November 23rd, at 8 o'clock.

Help is badly needed to make this bingo a success and all parents with new students are asked to attend this meeting. Bingo tickets can be purchased from any member or at the door.

Chicken Dinner At LaSalle Church

Roast Chicken dinner, Nov. 24th, at St. Andrew's Memorial Church, LaSalle. The dinner will be served by the Ladies Guild and the Men's Club of the Church. Fast Chicken and dressing and all the trimmings.

There will also be a bazaar the same night as the dinner. A steam table for the church kitchen, is being purchased, the money to be raised through "travelling groups."

The next meeting will be held in the church vestry, Nov. 18, Mrs. Dorothy Couston will be the hostess.

Sandwich West Council Meeting

There seems to be no solution as yet to the bus situation to serve Dongall Avenue area.

Reeve Lawrence Brunet sympathetic to the residents who are without bus service and is hoping that someone will come along and take over the line which was run by Messrs. Souliere and Metcalfe. Some of the residents in this area have expressed the desire of annexation to Windsor if unable to get bus service any other way.

REEVE LAWRENCE BRUNET

The Sandwich West council set aside a section of land to be used for a park which will be developed in the near future. Approximately 12 acres, near St. Mary's Academy.

The Sandwich West portion of Tecumseh Rd., which is the south side where the CPR intersects at Janette to Huron line, will now have a speed limit of 30 MPH., and a request was sent to the County Engineer to have the signs erected under the provisions of the Highway Traffic Act.

Wilfred Gallant made a plea for permission to reside in his trailer on Victoria Rd. on property he is buying on installment plan, until May 1954 when he will have enough money to build a home. Mr. Gallant is unemployed at present, but has prospects of another job soon.

Township by-laws allow trailers to stay in the township only 21 days, unless in a regulated trailer camp.

Mr. Gallant's time has expired and court action has been started and the hearing to be on Dec. 2nd, unless he leaves before that date.

It was suggested he return to the trailer camp from where he came, but he complains it was dirty and did not have proper toilet facilities. It was decided by council that no action be taken on his request, but that if he moved by December 2nd to a Trailer Camp, or out of the Township, the charge of violating would be withdrawn.

Permission was given for a sign to be erected, designating the Maryland Subdivision along with the Speed limit 30 Miles, to replace the existing Speed limit sign. Copy of the resolution to be sent to Mr. Edward Reiss.

Brewers' Retail Store Wanted in LaSalle

A LaSalle business man wrote to the Brewers' Warehousing Co. Ltd., advising them that he would construct a building suitable for their needs if they would consider a Brewers' Retail Store here.

The reply stated that the question of a Brewers' Retail Store for LaSalle had received their consideration from time to time, and that a sales survey of the entire Windsor area was completed last May, and it indicated a potential sale of approximately 21,000 gallons per annum for the town of LaSalle, an dist. gallonage would not justify a store here.

We are wondering if the gallonage was based only on orders delivered in LaSalle. Many residents pick up their beer purchases in Windsor and in Amherstburg. Not more than one third of the beer purchased is delivered by Windsor. LaSalle would be convenient also for residents of Sandwich West and River Canard, who now purchase their beer from Amherstburg or Windsor, which means going a distance from 8 to 12 miles, and with deliveries made only one day a week, there is undoubtedly less beer purchased than if it were available in LaSalle which would serve Sandwich West and River Canard.

The LaSalle Merchants would also appreciate the heavier traffic to their shopping district that the Brewer's Retail Store would bring in.

The Hon. William Griesinger has been asked to make further inquiries as to the possibility of further consideration.

LaSalle Chamber of Commerce To Hold Meeting on Nov. 30th

Next meeting of the Chamber of Commerce to be held Nov. 30th at 8 p.m. Board Dining Room. All ticket returns to be made at this meeting on the surprise. Wallet, and the drawing to take place at Special meeting December 14th. Directors meeting Monday evening November 23rd, 9 p.m. at Sunnyside Hotel.

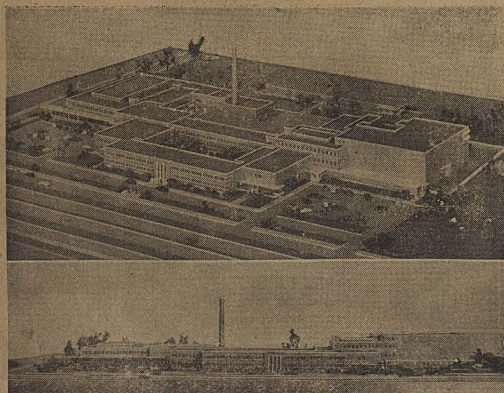

A demonstrator stands atop a gasoline pump in Trieste as he raises the Italian flag on a lamp standard. Yugoslavians President Tito threatened to use force if Italian troops move into Trieste. He said entry into the troubled zone would be considered an "act of aggression."

Awarded Victoria Cross

LT. COL. JAMES P. CARNE, leader of the "Glorious Gloucesters" during their epic Imjin River battle in Korea in 1951, who has been awarded the Victoria Cross. He is the third Commonwealth soldier to receive Britain's highest award for valor during the Korean war. Col. Carne returned home only last month after having been freed by the communists in the prisoner exchange following the armistice.

Face to face with world lightweight champion Jimmy Carter whom he meets with the title on the line Nov. 11 at the Montreal Forum. Canada's Armand Savoeu uses the image of Carter to give him a little more incentive in his workouts. Savoeu holds a non-title verdict over the champ. Eds: Watch for results.

The new National Film Board headquarters to be built soon in Montreal will look like this when completed. The \$6,000,000 building, subject of a hot debate between Ottawa civic officials

and the government over its removal to the metropolis, will house the most modern film studios on the continent.

Protesting Italians scamp for safety in Rome as police in a jeep mount the sidewalk to break up a demonstration over the disputed Free Territory of Trieste. No serious injuries were reported in the demonstrations. Elsewhere in

Rome, students by the hundreds paraded under Italian flags, angrily shouting against Yugoslav President Tito's stand on Trieste and demanding that the strategic Adriatic peninsula be returned to Italy.

New U.S. Chief Justice

Governor Earl Warren, of California, who was named by President Eisenhower to be Chief Justice of the United States. The recess appointment of Warren, 62-year-old Republican, as successor to the late Chief Justice Fred M. Vinson, who died Sept. 8, is subject to Senate confirmation when Congress reconvenes in January.

LaSalle Police Slow Down Traffic

It has been noted that traffic is now under control through LaSalle, and the 30 mile an hour speed limit is respected. One never knows from where he comes from at all hours of the day and night, but Mitchell Oswaldok, the new LaSalle Constable, seems to be trailing behind motorists between Turkey Creek and Stop 49.

Champion Truck Driver to be Picked At Canadian Roadco

Truck drivers across Canada are getting into trim for a contest which will pick champion commercial truck drivers for 1953.

The contest is the Canadian National Truck Roadco, due to be held in Toronto Nov. 21 and 23.

At that time, drivers from all parts of Canada will compete in three classes of competition, straight truck, tractor-trailer, and heavy duty tractor-trailer—according to the type of equipment used in daily work. At stake will be \$4,000 in cash awards and prizes.

This year for the first time there will be driver competitors representing nine provinces—British Columbia, Alberta, Manitoba, Ontario, Quebec, New Brunswick, Nova Scotia, Prince Edward Island and the Maritimes. Eliminating contests have already been held in most of these provinces, and provincial champions chosen to enter the national finals.

A truck roadco is a contest of safe, skilled driving. Despite its name there is no place in a roadco for "cowboy" drivers or trick driving. Every driver who competes must have been accident-free for at least one year. Standards are so high, in fact, that even if a man is cleared of all blame following an accident, or even if an accident consists of merely denting a fender, he is still not eligible to compete in roadco for at least a year.

Every roadco contest comprises a series of exacting tests. These are based on every-day driving problems, and drivers are assessed for ability to manoeuvre heavy transport vehicles in confined spaces. The tests also take into account a driver's knowledge of safe operating practices, courtesy and efficient vehicle handling.

Employers have discovered that drivers show keen interest in truck roadcos. Moreover, since the men are aware they must stay out of accidents to compete, the contests have proved an important factor in accident reduction.

The National Roadco is sponsored by the Automotive Transport Association of Ontario.

Spectators fill the plaza alongside the United Nations General Assembly hall in New York as India's Mrs. Vijaya Lakshmi Pandit, right, centre on balcony, speaks at United Nations Day ceremonies. Mrs. Pandit, president of the

General Assembly, reviewed the record of the UN since its founding in 1945. This view looks north along New York's First Avenue, background.

FRITZ REINER, whose movements on the podium are usually very restrained, is shown here in a strangely violent pose as he drills the Chicago Symphony Orchestra for its opening concert which took place last week. Reiner was appointed conductor of the orchestra this year succeeding Rafael Kubelik.

Fumigators Subject to New Regulations

Certain classes of pest-control operators in Ontario, hitherto not subject to regulation, from now on will be required to be licensed and to try examinations under revised regulations enforced by the Ontario Department of Health's Division of Industrial Hygiene.

These classifications include persons who use such extermination substances as carbon tetrachloride, cyanide compounds, D.D.T., hydrocyanic acid, methyl bromide, organic phosphate compounds, sodium fluoride, strychnine, zinc phosphide and others not listed here.

These new regulations will provide control measures to reduce to a minimum the danger to the public. As well, they will ensure more effective destruction of insects, rodents and other pests which create public health hazards.

After January 1, 1954, when the regulations become effective, every operator must carry an identification card. However, householders, farmers and owners of eating establishments who wish to carry on their own extermination work need not be licensed.

There is no charge for licences—the only requirements being reliability and good technical knowledge, proven through examination. Also, any person appointed to a pest-control operator must be credited, and after January 1, 1955—when the regulations have been effective for one

used only to those who have previously held an apprenticeship. Further, to protect themselves and the public all operators must be covered by insurance.

Examinations are scheduled for four centres—Toronto, Nov. 9; Chatham, Nov. 23; Sudbury, Nov. 30; Ottawa, Dec. 7.

Information regarding the regulations respecting fumigation and extermination, and the examinations, may be obtained either from the local Medical Officer of Health or the local Health Department, year—new licences will be is-

Now Where Is That Ark?

RECIPE HINTS

A roast leg of lamb takes well to seasonings when it's served hot, and in this version of Spanish Lamb, it's just as tasty sliced and cold.

Spanish Lamb

One leg of lamb, 1 garlic clove, mashed, 1/4 tsp. oregano, 1/4 tsp. salt, 1 tsp. pure monosodium glutamate, 2 tbsps. lemon juice, 1/4 tsp. Tabasco sauce, 20 small stuffed olives, 2 strips bacon, each cut in 6 pieces, 10 tiny pickled onions. Make 10 holes, about 2 inches deep on top surface of lamb, using handle of sturdy wooden spoon. Combine garlic, oregano, salt, pure monosodium glutamate, lemon juice and Tabasco sauce, mix well. In each hole, insert an olive, a piece of bacon, an onion, some of Tabasco sauce, and a second olive. Roast lamb in open roaster in moderate oven (325 degrees F.) 30 to 35 minutes per pound.

Avatus Stone, of the Ottawa Roughriders, rated the best back in the Big F. it, presents a problem to all opposition. He gives the ball a long ride either running it or kicking it.

Farm Produce
Packaging Increase
Sales

TORONTO.—Pre-packaging of farm produce has enabled Canadian distributors and retailers to set new merchandising targets and this, in turn, has reflected in a greater turnover for farm products such as vegetables, fruits and meats, according to an advance survey of packaging experts who will be exhibiting at the forthcoming 2nd Canadian National Packaging Exposition, to be held in Toronto on November 3, 4 and 5.

Exhibitors who will be displaying packaging machinery and consumer packaging materials at the 2nd CNPE firmly believe that the almost phenomenal increase in sales of packaging machinery and materials over the past three years has been brought about mainly by significant packaging advances in the agricultural industry. Not only has the visual presentation of pre-packaged foods a stronger appeal to the consumer than old-fashioned "bulk" selling, but it enables growers, producers and wholesalers to sell by brand name thereby ensuring "repeat" business.

This evolution from bulk to packaged selling is considered by authorities to be one of the main reasons behind our agricultural transition towards large-acreage farms. According to the packaging experts, it has enabled Canadian farmers to become effective merchandisers rather than merely growers or producers, a factor which has been largely responsible for the rapid increase in the average farm income since World War II.

However, the packaging and merchandising authorities feel that the average Canadian farmer and his co-op or distributing house have still a long way to go towards achieving maximum sales through sound merchandising. While Canadian farmers are further ahead than their European counterparts in this respect, say the packaging men, they still haven't reached the degree of self-sufficiency through packaging which is evident in many U.S. farming communities. The reason for this, the experts point out, is that Canada is just awakening to the countless advantages of packaging.

"What Canadian farmers are just beginning to realize," stated the president of one packaging firm, "is that packaging techniques afford an outlet for surplus produce. In the past, the producer or grower was left holding the bag when his distributor or wholesaler had reached the saturation point for the produce concerned. Now many of our farmers are using packaging techniques to sell their surplus produce direct to retailers. Poultry raisers are now using egg-crating machinery as an example and many are even packaging their birds in cellophane to increase consumer appeal, vegetable growers are replacing the large jute sack with the smaller plastic bag which cuts down on the work of the retailer and offers more eye-appeal, while some fruit growers are installing their own canning machinery."
